Agenda

- Introduction
- EDPQS 1
- EDPQS 2
- UPC-Adapt
- ASAP - Training
- Politeia Frontline
- Next steps

Introduction

- In the past 14 years, the European Commission (EC) has funded various projects to improve the professionalisation of the European prevention workforce.
- The continuity of new funding from the EC and the sustainability of the projects' outputs assured by EMCDDA supported the development of training materials and tools that are now available for scientific and professional prevention communities over Europe.
- Professionals can build on training initiatives and manuals that empower their knowledge, competencies and skills in the drug prevention field.
- Networking and fostering synergies is now the next step to keep up the work done thus far.

ASAP-Training outputs

- 2 curricula: one for Drug prevention Professionals, one for Master Trainers
- an e-learning platform that is now PLATO by EMCDDA.

Frontline Politeia objectives

Developing and delivering a training based on the EUPC and addressed to prevention implementers (Teachers, Law enforcement officers, Social workers...)

Performing a local mapping of prevention interventions

Establishing a local needs assessment at community level

Enhancing the quality and agency of prevention interventions' implementation

What's next? Translation into practice

- One example from Italy. EUPC is embedded in the Italian national prevention plan and acknowledged as the elective training curriculum for prevention professionals working in the field of substance use prevention

The image shows the cover of the 'Piano Nazionale della Prevenzione 2020-2025' (National Prevention Plan 2020-2025) from the Italian Ministry of Health. The document is titled 'Ministero della Salute' and 'Direzione Generale della Prevenzione Sanitaria'. It features a central title 'Piano Nazionale della Prevenzione 2020-2025'. Two sections are highlighted with red circles and arrows pointing to the text '* EUPC in Italy':

- FORMAZIONE** (Training):
 - 2. Garantire opportunità di formazione e aggiornamento professionale a Decisori, Policy maker, Amministratori locali, altri Stakeholder, Operatori istituzionali, operatori e organizzazioni educative e sociali presenti nel territorio
 - 3. Svolgere attività di formazione rivolta ai referenti istituzionali in materia di dipendenze basati su European drug prevention quality standards e EUPC Curriculum
 - 4. Sviluppare attività di formazione sul counseling (basate sui riferimenti agli operatori dei servizi sanitari e socio-sanitari (inclusi MMG e PLS))
 - 5. Favorire a livello regionale e locale la programmazione partecipata di interventi interdipartimentali ed intersettoriali
- INDICATORI DI MONITORAGGIO DEGLI OBIETTIVI RELATIVI ALLE AZIONI TRASVERSALI DEL PNP** (Monitoring Indicators for Cross-cutting Actions of the PNP):
 - 1. Accordi intersettoriali
 - Formulare presenza di accordi con soggetti attori al sistema sanitario che possono sostenere/contribuire alle azioni del Programma (es. ANZ, Scuole, Prefetture e Forze dell'Ordine, altre istituzioni, Associazioni di Promozione sociale, Associazioni di categoria, espressioni della società civile, ecc.)
 - Standard: Almeno 1 accordo entro il 2022
 - Fonte: Regione
 - 2. Formazione (a)
 - Formulare disponibilità di un programma di formazione congiunto e intersettoriale, che preveda la partecipazione degli operatori dei servizi sanitari e socio-sanitari (inclusi i MMG e i PLS) e di rappresentanti di tutti gli Attori coinvolti nella realizzazione delle azioni previste dal Programma, che include il tema della progettazione partecipata di interventi interdipartimentali e intersettoriali
 - Standard: realizzazione di almeno un percorso formativo, ogni anno a partire dal 2022
 - Fonte: Regione
 - 3. Formazione (b)
 - Formulare disponibilità di percorsi formativi per gli attori coinvolti su European drug prevention quality standards e EUPC Curriculum (programmi solidi)
 - Standard: Almeno 1 percorso formativo, annuo, per tutti

What's next?

A network...

- Developing from the the "Prevention happening" occurred at the end of the ASAP-Training project. It brought together international prevention stakeholders in prevention workforce training based or active in Europe, to share the state of the art and identify each one's objectives and target audience. The aim was to promote and clarify domains of interest.
- Following up with the current INDRA structured session at Lisbon Addictions
- Open to new developments to foster synergies and promote a hub of knowledge sharing.
