UNDERSTANDING THE DYNAMICS & CONSEQUENCES
OF NPS USE IN RAPIDLY CHANGING DRUG MARKETS

Prevalence of NPS use.

Results of the implementation of a standardized survey methodology
amongst 25 civil society organization in Europe

Jochen Schrooten

VAD

This project was funded by the European Union's
Justice Programme – Drugs Policy Initiatives

AIM

MONITORING NPS USE VIA CIVIL SOCIETY ORGANISATIONS

1. Support CSO to collect data on NPS use
2. Exchange methods of data collection on NPS between CSO (Collect & compare surveys)
3. Develop standardized survey methodology amongst CSO

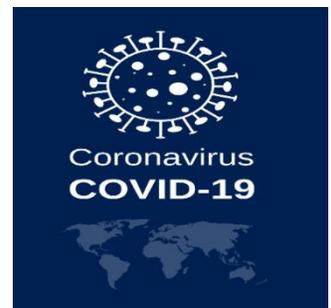

This project was funded by the European Union's
Justice Programme – Drugs Policy Initiatives

METHODOLOGY

1. New substances that imitate the effects of illicit drugs (such as cannabis, ecstasy, cocaine, etc) may now be sometimes available. They are sometimes called (*insert* 'local name' such as, 'legal highs', 'research chemicals) and can come in different form, for example – herbal mixtures, powders, crystals or tablets.
Have you used one or more of these substances in the last 12 months?

2. Have you ever taken these substances (during the last 12 months | last 30 days)

- 4-MMC + local streetnames
- 3-MMC
- 2C-B
- 2-FMA
- Hexen (N-Ethylhexedrone)
- a-PHP
- 5F-MDMB-PICA
- ... (country specific NPS) 1P-LSD, NBOMEs, a-PVP, 6-APB, Methoxetamine, synthetic cannabinoids
- ... (country specific NPS)
- ... (open field)

2 questions – EMQ EMCDDA
Back & forward translation in 17 languages
Survey period 09/21 > 09/22

LESSONS LEARNED

- General use of NPS is high
 - **young** age groups (17-26y)
 - **Female** equal then men (more 3-MMC, 4-MMC, a-PVP)
- 70 different NPS reported
 - **No** interest in **opioids**
 - High **interest in psychedelics** (2C-B, LSD analogs)
 - High **interest in CTS** (3-MMC, 4-MMC, ...)
- Western countries: interest in psychedelics, ATS
- Eastern countries: interest in cannabinoids and CTS
- Helplines
 - Limited amount of cases reported (2,2%)
 - 3-MMC & 4-MMC || Synthetic cannabinoids || benzodiazepines
- **Outreach projects connect deeply** with PWUNPS
- **Drug Checking Services even deeper**

TAKE HOME MESSAGES

Is banning drugs the solution? cf. 4-MMC, 3-MMC

- The paradox of repression
- Collateral damage (cf. info)

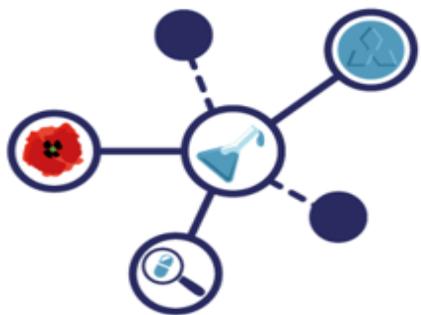

CSO are powerfull, but lack funding

- Invest in prevention & harm reduction (Tripsit & psychonautwiki)
- Empower PWUD
